Dear Luthercare Supporter,

Nurses have been the cornerstone of Luthercare for the past 75 years. Their commitment, compassion, and strength make an impact on our loved ones every day.

Passionate nurses will continue to be essential for the quality of care that residents and our greater community are accustomed to receiving from Luthercare. That's why we're investing in the next generation with our nursing scholarship program. Since 2009, Luthercare has offered scholarships to our nursing team members who were advancing their education and professional development.

Adding to this, Luthercare recently extended the scholarship program to high school seniors embarking on careers in nursing. Because of support from people like you, Luthercare has been able to distribute $90,000 to 70 high school seniors since 2020. Without your support, the scholarship program would not be possible. Thank you for helping students in our community pursue careers in nursing!

Thanks to a generous grant from LeadingAge PA, we are excited to extend the scholarship program further by introducing an eight-week paid interdisciplinary internship. The internship provides one of our recent scholarship winners with guidance and mentorship by shadowing team members, nurses, and senior leadership to develop skills and knowledge specific to nursing and administrative aspects of senior living. We are excited to welcome past scholarship recipient Allison Keeney as an intern this summer.

Allison, pictured left, graduated from Warwick High School and currently attends Lebanon Valley College, where she is pursuing her Bachelor of Science in Nursing. Allison's connection to Luthercare started with the nursing scholarship and strengthened on a professional level with the internship. Her grandmother, Elsa, also just moved onto the Luther Acres campus. In her own words:

> "I applied and luckily received the internship with hopes of getting to learn more about the amazing community on a professional and personal level, since it's the place my grandmother now calls home."

Yes please, I would like to support our nurses!
